March 2022

Scott Beal  
Woodland Pulp LLC  
144 Main St  
Baileyville, ME 04694-3529

Dear Scott:

The Forest Society of Maine (FSM) appreciates businesses, like yours, that believe in the synergy that exists between forest conservation and economic prosperity. FSM easements provide stability to forest products and outdoor recreation related businesses. Your support is important to us. To express our gratitude, we recently placed an ad in the *Bangor Daily News* thanking all the businesses that supported FSM last year. We are especially thankful to have Woodland Pulp LLC among the group of Benefactors listed. In case you do not receive the *Bangor Daily News* or did not happen to see the ad, I have enclosed a copy.

During the first half of our fiscal year, FSM worked with a family, a town, and other land trusts to place easements on three properties near other existing easements. We also installed interpretive signs created by Greenville High School students along public trails on our Nickerson Tree Farm lands. During the ensuing six months, FSM will be completing two easement projects in western Maine that will help keep intact 30,000 acres of managed forestland, which are important for local jobs and businesses.

Woodland Pulp LLC has been supporting FSM for 5 years. Please continue supporting FSM by renewing your gift of \$500. These annual contributions help FSM undertake its work, which ultimately benefits all who directly and indirectly use the resources provided by Maine's North Woods.

Regards,

Karin R. Tilberg  
President/CEO

enclosure

*A statewide land trust working to conserve and maintain the many values of forestlands in Maine*

*It means a great deal to us, to have Woodland Pulp's support. It really demonstrates the connection between keeping Maine's forests as forests, and a vibrant woods products industry. We hope you will consider renewing your support again this year!*
